

WYANDOT COUNTY GENERAL HEALTH DISTRICT

ORGANIZATIONS		Wyandot County Health Department and Wyandot County Home Health Agency		
DISTRICT MISSION		The Wyandot County General Health District is dedicated to providing health and safety services that positively impact the well-being of all citizens of Wyandot County.		
Core Values	Vision	Goals/Priorities (3-5 Years)	Strategies 3-5 Years	1 Year Goals
We Shall:	<i>To be an indispensable and respected member of the health care community in Wyandot County</i>	PRIORITY	STRATEGY	GOAL
<i>Create an outstanding friendly experience for the public</i>		Monitor health status to identify community health problems.	Use existing public health information to measure our populations health.	Identify areas that need improvement and implement plans to address problems.
<i>Never compromise our integrity</i>		Identify and investigate health problems and health hazards in the community.	Develop methods to identify & respond to health hazards & disease through the use of complaints, investigational meetings & community collaboration.	Prompt investigation, elimination & abatement of each complaint or report.
<i>Strive to empower the community in making healthy choices</i>	Big Harry Audacious Goal	Inform, educate, and empower people about health issues.	Make certain our clients and public are kept up to date on current health issues.	Keep the public informed of public health issues in a timely manner.
	BHAG			
<i>Remain financially conservative by being a careful guardian of public funds</i>		Mobilize community partnerships to identify and solve health problems.	Utilize community health data and local partners to create a Community Health Improvement Plan identifying top health priorities.	With Health Alliance partners create a Community Health Improvement Plan.
	X			
<i>Be a leader in the provision of health care for our community</i>		Develop policies and plans that support individual and community health efforts.	Utilize the Community Health Improvement Plan to assure health district policies and plans align with the overall public health priorities for the community.	Based upon identified needs, assure departmental policies/programs align with identified issues in Community Health Improvement Plan.
		Enforce laws and regulations that protect health and ensure safety.	Continually review departmental programs and policies to assure compliance with State and Federal guidelines.	Each month review a minimum of one program to assure departmental performance meets State and Federal guidelines.
		Link people to needed personal health services and assure the provision of health care when otherwise unavailable.	Increase agency and business awareness to assure knowledge of available health services and actively refer individuals to those resources.	Complete health resource data base & referral system educating staff upon completion.
		Assure a competent public health and personal health care workforce.	Actively identify training opportunities & review professional licensure, CEU's and training per State requirements.	Assure personnel maintain appropriate training and licensure.
		Evaluate effectiveness, accessibility, and quality of personal and population-based health services.	Review existing public health data to identify strengths and weaknesses in effectiveness, accessibility, and quality of personal and population based health services.	Conduct appropriate surveys assuring questions are related to quality of service, accessibility and departmental effectiveness.
		Research for new insights and innovative solutions to health problems.	Explore new health care concepts and grant opportunities	Attend professional, collaborative and informative meetings.
